Game-Specific Rules

**Rocket League Rules**

1. Number of players should match the division that both teams are registered in
   - 1v1, 2v2, or 3v3
2. The team leading at the end of each individual game will win that game. If the score is tied at the end of regulation time (5 minutes), follow the default overtime settings (golden goal - next team to score wins that game)
3. All league games will be played best 3 out of 5. Playoff games will also be played best 3 out of 5 unless otherwise indicated (latter stages may be best 4 out of 7)
4. Game settings:
   - Unless otherwise indicated, all game settings are Default and should not be changed
   - Set the series length to 5 (or 7 if in latter playoff stages)
   - Put each teams’ name as the team names instead of Team Blue and Team Orange
• **Take screenshots** of the result of each game, and in particular the last game where it indicates ‘Series Winner’ above the winning team's name

  ▪ You will not need to upload these and you can delete them later, but they are used in case there is a discrepancy between the scores reported by each team captain.

5. Lag/Connectivity Issues:

• If 1 or more players are lagging or disconnect from the server, play should be paused immediately to allow the player to rejoin. Note the score and time remaining when the issue(s) arise, in case you have to restart the game or find a new server.

  ▪ If the issue is resolved relatively quickly, you should resume the current game.

  ▪ If it takes longer and you have to start a new game or find a new server, you should let the clock run down and score the appropriate goal(s) during that time to recreate the previous game before issues arose. Then, resume normal play at the appropriate time.

  ▪ If the issues cannot be resolved in a timely manner, then teams should try and reschedule the game for when the issues do not occur.

6. Upon completion of the game, both captains must complete the following steps:

• Self report their own game score on [RSconnect](#)

  ▪ Ex: In a best of 5 series, Team A wins 3 games and Team B wins 1 game

  ▪ Team A reported score = 3. Team B Reported score = 1

  ▪ Indicate a Sportsmanship score for the opposing team on a scale from 1-10, with 10 being excellent and no issues.

7. Game Extensions

• If for some reason both teams are unable to play their game in the indicated time frame, or something arises last minute (emergency, connectivity issues, etc.), you may submit [this form](#) for a 48 hour extension to complete your game and submit your score to RSconnect. This form must be completed BEFORE the original deadline to submit your game report.

  **Failure to report your score or complete a Game Extensions Form by the deadline may result in one or both teams forfeiting the match**

8. There may be Extra Game Modes (Rumble, Snow Day, Hoops, Dropshot) offered as Flash Tournaments throughout the semester. If so, the adjusted rules will be posted then.

FIFA 21 Rules

1. All Games will be played using FIFA 21
2. Games shall be played 1v1:
   ○ Under special circumstances where a team has 2 individuals, both teams
     must agree to allow both Team A members to play in the game. If this is
     not agreed upon, only one member of Team A may participate.
3. The competitor with the most goals after the end of the regulation time (90
   minutes) wins the game.
4. Game settings:
   ○ Games will consist of two 6 minute halves.
   ○ Controls set to any.
   ○ The game speed will be set to normal.
   ○ Squad types should be set to Online.
   ○ Teams may not choose an “All-Star” team unless both players agree
     beforehand.
5. Jersey colors must be contrasting to ensure adequate visibility for both players.
6. When there is a tie, there will be a new match started with Golden Goal deciding
   the winner. (The first team that scores, wins the match).
7. Upon completion of the game both captains must complete the following steps:
   ○ Self-Report their own game score on RSconnect.
     i. If player A scores 4 goals and player B scores 2 goals, player A will
        report 4 and player B will report 2.
8. Game Extensions
   ○ If for some reason both teams are unable to play their game in the
     indicated time frame, or something arises last minute (emergency,
     connectivity issues, etc.), you may submit this form for a 48 hour
     extension to complete your game and submit your score to RSconnect.
     This form must be completed BEFORE the original deadline to submit
     your game report.

Failure to report your score or complete a Game Extensions Form by the deadline
may result in one or both teams forfeiting the match.
