Register as a PLAYER and BECOME A FREE AGENT if you don't have a full team or wish to find a team to play with

3. Complete the registration process

The system will take you through a few steps completing the quiz, naming your team and choosing your team's color.

***Before you are OFFICIALLY playing, you must invite teammates and teammates must accept your invitation to meet the roster minimum. Once you've met the roster minimum you'll be automatically moved into the Division and you're in!**

3. Click "Become a Free Agent"

From here you'll be able to see other teams searching for more players! As a Free Agent you can repeat this process to be in as many divisions as you wish!

Key Terms:

- **League**– determined by gender/group/organization
- **Division**– the day and time that you wish to play for the entirety of the regular season

And you're done! We can't wait to see you out there!

Once you've filled your roster to meet the minimum and beyond, then you're good to go! Be sure to review the sport rules and get ready for a chance at a Championship T-Shirt!
